Directors' report for the year ended 31 July 2013

Following the Government's changes to the financing of higher education, many institutions have seen a reduction to the levels of student recruitment that they previously experienced. Whilst the effects of the funding changes continue to emerge on the market, UCS considers it would be imprudent to anticipate a return to significant growth within its budget for 2013/14. However, within its wider strategy, achieving year on year growth in student numbers is a high priority.

UCS has received approval for its 2013/14 Access Agreement from the Office for Fair Access (OFFA). This confirms that UCS's tuition fees for UK and European Union full-time dustes will remain unchanged for 2013 entry \$7 500 for Foundation decrees and

#### Widening Participation

UCS seeks to raise the awareness, aspirations and attainment of young people from underrepresented groups in higher education. Activities are aimed particularly at young people from disadvantaged social and economic backgrounds and people with disabilities. A number of widening participation events are held which include residential and non-residential summer schools.
